

Rubbish deposited by persons unknown along Church Lane between Balls Corner and Red House Lane starting week ending 19th September 2021

During our walks along Church Lane we were disgusted by the amount of rubbish deposited along Church Lane. Talking to residents of Moor Monkton they were disgusted at the amount of rubbish deposited along the village street from Balls Corner to East Lane including the junction at Red House Lane to the A59. I decided to collect and photograph the rubbish collected as a record for future reference. This problem requires action by Moor Monkton Parish Council and the residents of Moor Monkton as soon as possible.

Collected over one week
Week ending 26th December 2021

Discarded by
walkers and visitors to Moor Monkton
The plastic containers contained fresh
grapes, I left the grapes in the grass for
the birds.
